1. This down payment assistance program is available for households earning 120% or less of the area’s median income, adjusted for household size, although specific loan products have lower income limits. **CityLIFT** funds cannot be used to purchase bank-owned properties being managed by Wells Fargo Premier Asset Services.

The **CityLIFT**<sup>SM</sup> program is designed to provide down payment assistance and homebuyer education programs in areas most impacted by the financial crisis. The program was developed in response to the 2012 settlement with the Civil Rights Division of the U.S. Department of Justice, and is a collaborative program of Wells Fargo Bank, N.A. and NeighborWorks America, an independent nonprofit organization.

Although Wells Fargo is the sponsor of the **CityLIFT**<sup>SM</sup> program, you may seek financing for the remaining balance of the home purchase from any qualified lender who accepts the **CityLIFT**<sup>SM</sup> down payment assistance program.
